

# Junior Market Structure Analyst

Rosenblatt Securities Inc. – New York, NY

*Job Description*

---

Rosenblatt Securities is seeking an entry-level Market Structure Analyst to join its industry-leading Market Structure Group in New York, NY.

The Market Structure Analyst's responsibilities will include:

- Assisting with the preparation of written reports for clients, including gathering, organizing and visualizing various trading data
- Assisting with production and distribution of the group's written work, including maintaining distribution lists, via CRM and document-security software
- Assisting with consulting projects for which the group is engaged by clients
- Keeping up to date on market structure and related regulatory developments, with a focus on US equities but also encompassing other asset classes globally
- Helping to develop new products and services, including regular reports, as well as improve existing products and services

Successful candidates will possess the following qualifications:

- Bachelor's degree or equivalent from an accredited college or university; Economics/Finance/Writing coursework helpful
- Excellent written and verbal communication skills
- Ability to explain complex topics, verbally and in writing, in terms understandable to laypeople
- Facility with statistics and presenting them as the basis or support for written reports and presentations on market-structure and regulatory topics
- Database and spreadsheet skills
- Willingness to accept constructive criticism and continuously improve
- Capacity and desire to work as part of a team
- Passion for financial markets and/or equity markets
- Commitment to treat colleagues and external constituencies with respect and decency
- Unimpeachable personal integrity, including but not limited to a commitment to comply with all rules and laws governing the firm's business and relationships

**Resumes without a cover letter will not be considered.** Please highlight in your cover letter not only your ability to work with data but also any writing, communications and non-data analysis skills.

Rosenblatt offers a competitive compensation and benefits package.

Rosenblatt Securities is an agency broker in US-listed equities, serving institutional investors through its upstairs trading desk as well as on the floor of the New York Stock

Exchange, where it is the largest broker by volume. The firm pioneered the field of market-structure research more than a decade ago and is a leading source for independent analysis of trading, market-structure and regulatory issues.
